* Mixed 1/4 and Mixed 1/8 are set orders

Hind Quarter	
Cut	No. of Packages
Steaks	
T-bone	9-11
Wing	3-5
Sirloin	6-8
Inside Round	9-13
Roasts	
Sirloin Tip	2-3
Outside Round	2-3
Other	
Ground	30-40
Stewing Beef	4-6
Liver	2

some roasts can be cut as steaks and vice versa, or ground

Front Quarter	
Cut	No. of Packages
Steaks	
Prime Rib	9-12
Roasts	
Blade	2-4
Boston (Cross Rib)	2-4
Other	
Ground	35-45
Stewing Beef	4-6
Braising Ribs	3-4
Rib Bones	3-4
Liver	2

some roasts can be cut as steaks and vice versa, or ground

Side of Beef = 1 Hind + 1 Front

General Cutting Information:

- Steaks – 1 inch thick (1 steak per pkg)
- Roasts – 3-4 lbs each
- Ground Beef – approx. 1-1.5 lbs per pkg
- Stewing Beef – approx. 1- 1.5 lbs per pkg

Comparing NET weight to RAIL/HANGING weight pricing – make sure you are comparing apples to apples:

A quarter beef costing \$1700 for 220 lbs RAIL/HANGING weight is \$7.73/lb rail weight, BUT around \$12/lb NET weight.

Why? Because there is approx. 30-40% loss from RAIL/HANGING weight to NET weight. If you are not sure what is advertised – ASK (as a quick guideline – if the weight listed for a quarter is **over** 140 lbs, it is probably RAIL weight).
